To whom it may concern

Anchor of Hope Reference Letter

African Mining and Crushing is proud to be a sponsor, supporter & friend of Anchor of Hope. Together we strive to make things better in & around Bloemfontein.

Anchor of Hope & African Mining and Crushing recently started a Pothole Project called Pothole Busters. This project repairs the dreaded potholes all over town. African Mining and Crushing sponsor equipment & labor, while Anchor provide the staff. We would encourage communities & businesses to get involved by providing material or donations.

In addition, African Mining and Crushing support Anchor of Hope with the following projects:

- Food & clothing bank
- Equipment for Grass cutting & cleaning around the city.
- Educational Fund
- Esther Project – Sponsor Schools with washable sanitary pads

Anchor of Hope Team is always up for a new challenge. They have a passion to help.

African Mining and Crushing enjoy working with Anchor of Hope & will continue to take on new projects with them.

Regards

Zane Murray

Director
