

LETTER OF ENDORSEMENT

19 July 2022

To whom it may concern

Dear all

The NPO, *Anchor of Hope (AoH)*, truly reflects its name by providing **Hope** to the city of Bloemfontein, in various aspects!

Our NPO, *Friends of Franklin*, focuses on the nature conservation of Franklin Game Reserve / Naval Hill, Bloemfontein and we have had a good standing relationship with *AoH* since early 2021. The *AoH* team assist us, on a monthly basis, with the cutting of grass along the reserve's walk ways, de-bushing the immensely overgrown viewpoints, picking-up litter and cleaning at "hard-to-reach-places", repainting of road signs, etc.

We are grateful to give a monthly payment to *AoH* for the professional services they provide to us. Their dedication and hard work greatly assist us in achieving our own goals of having a clean, safe and ecological-sound game reserve in the middle of a city. We know that any donations/payments received by *AoH* are invested back to the community of Mangaung through their various projects, as described in detail on their website <https://anchorofhope.co.za/anchor-of-hope-projects/>

We, as *Friends of Franklin*, are excited to continue to grow our relationship with *AoH* and would like to encourage the rest of Bloemfontein to support this wonderful organisation. Together we are making a #BetterBloem!

Kind regards

Andri Grobbelaar

Friends of Franklin - Chair
